YARN REQUIREMENTS

Yarn weight: DK

Gauge: 16 st & 24 rows = 4" in lace; same gauge for stockinette

The table opposite shows the yarn requirement for each body size (1-12) and for each sleeve size (A-L), including both the standard long sleeve and the short sleeve tee hack.

If you wish to mix and match your body and sleeve size, calculate your yarn requirement by adding the requirement for your chosen body size to the requirement for your chosen sleeve size. This total is your customised yarn requirement.

ADJUSTING BODY LENGTH

Each 2" / 5cm length added will require approximately an additional (41, 45, 48, 51) [55, 58, 62, 65] (69, 72, 76, 79) yards / (37,41, 44, 47) [50, 53, 57, 60] (63, 66, 69, 72) meters yarn. Full instructions are included in the pattern.

12	727y / 665m	L	45y / 42m	590y / 539m

EXAMPLE

My sample was knit for me. My bust measurement is 52" and my bicep measurement is 22".

I chose to knit size 8H, which gave me 5" ease at the bust and 2" ease at the bicep.

I used 600 yards for the body and 454 yards for both long sleeves, giving a total of 1,054 yards.

If I wanted to add 2" to the body length, I would need to use an additional 65 yards, bringing my total to 1,119 yards.
